

easy to use

effective in delivery

efficient in energy utilization

economical to own & operate

enduringly reliable

Plasma Cut Series

the eWeld Plasma Cut series:

- is light, energy-efficient & easy to operate
- produces smooth cutting surface
- designed with HF untouched arc-starting
- comes complete with full accessories
- has inbuilt protection circuitry against current & temperature extremities
- suitable for cutting stainless steel, copper, iron, aluminum & many other materials

| SPECIFICATION              | CUT 100 (IGBT)    |
|----------------------------|-------------------|
| Power Rating               | AC 400V @ 50/60Hz |
| Rated Input Capacity (KVA) | 13.15             |
| Output Current (A)         | 20 - 100          |
| Rated Duty Cycle (%)       | 60                |
| Cutting Thickness (mm)     | 30                |
| Weight (kg)                | 29                |
| Dimension (mm)             | 560 x 320 x 430   |
